

A photograph of a woman and a young girl hugging and smiling. The woman is on the left, wearing a dark top, and the girl is on the right, wearing a white t-shirt with a colorful graphic that says "LOVE" and "SPW". The background is a soft, out-of-focus outdoor setting. The entire image is overlaid with a semi-transparent pink and orange circular graphic in the top left corner.

EQUIP

EDUCATE

EMPOWER

The Mission

To encourage women around the world to realize their value and reach their potential through job training and education.

When women are given the opportunity to generate income, it impacts their families and their country's economic standing. We want to empower women to make strategic, independent life choices through community-based training and nontraditional, microenterprise development.

To reach girls aged 10 to 18 who live in impoverished communities and are considered at risk.

Teens receive education in areas of self-esteem, body image, gender-based violence, and more.

The Motivation

821 Million

More than 821 million people are food insecure globally. The majority are women and minors. Many are making less than \$1.90 per day.

90%

Women reinvest up to 90% of their earnings back into their households and manage it toward nutrition, food, healthcare, school, and income-generating activities. This helps break the cycle of intergenerational poverty.

70 Million

There are 70 million child brides in the world, equating to 1 in 3 girls within developing countries.

**CONVOY OF
HOPE**

The Method

- ✿ **Equip** mothers so they can start their own businesses, send their children to school, and provide for their families.
- ✿ **Educate** girls so they can make good choices for their futures, such as staying in school, delaying marriage, and pursuing job opportunities
- ✿ **Empower** women and girls through education so they can know their value and find sustainable solutions that will change the course of their lives and impact generations to come.

How can we change their stories?
